## EXPERIENCE

---

### Cybersecurity Engineer

May 2025 - Present

Buonasera Group, Remote, out of Tulsa, OK

Cybersecurity firm specializing in securing clients against threats for cybersecurity risk insurance; also contracts with defense sector clients for CMMC compliance.

- Monitored and served as point-of-contact for 8+ clients regarding security posture using Amazon Web Services infrastructure and Remote Monitoring and Management applications alongside modern SIEM tools.

### Sales Associate

October 2024 - December 2025

Deep South Defense, Clemson, SC

Gun range and licensed seller.

- Authorized and sold firearms, ammunition, and accessories in a customer-facing sales position.
- Ensured safety on the range, completed government paperwork for firearm purchases, and properly disposed of non-functional firearms and ammunition.

### Cybersecurity Analyst Intern

May 2024 - August 2024

BP Cybersecurity LLC, Remote, out of Albuquerque, NM

Cybersecurity firm providing cloud-based security and threat monitoring using CrowdStrike Falcon.

- Monitored security threats and responded to attempted breaches for 10+ small business clients, delivering recommendations that strengthened network defenses.

### Sales Associate

July 2023 - Present

Frisco Gun Club, Frisco, TX

Shooting range with an indoor range and restaurant.

- Checked in guests to the range and assisted with firearm purchase paperwork.
- Maintained safety inside the range while building relationships with management, earning continued employment opportunities.

## EDUCATION

---

### Master's of Science in Computer Science

August 2024 - May 2026

Clemson University, Clemson, SC

GPA: 3.86
